

Instructions for Initiating the BEAP Project

The BPD Board of Directors and the BEAP assessment project team are proud to announce the availability of the Baccalaureate Educational Assessment Package (BEAP).

The BEAP consists of:

- An Entrance Survey and a first administration of the Social Work Values Inventory
- An Exit Survey and second administration of the Social Work Values Inventory
- An Alumni/ae Survey
- An Employer Survey
- A Foundation Curriculum Assessment Instrument (Coming soon)

The BEAP is designed to coordinate with the existing CSWE Educational Policy and Accreditation Standards (EPAS). These instruments are provided as a service by BPD. Their use is the responsibility of the individual social work education program for the purposes intended. No approval or endorsement of these instruments by any other organization is implied.

Use of this important contribution to program outcome assessment is available under the following terms:

For BPD member programs:

Flat rate, one-time cost	\$100.00
Per student cost per instrument	.70

For non BPD member programs

Flat rate, one-time cost	\$200.00
Per student cost per instrument	1.40

To order, determine the following (for each, it is number x .70 or number x 1.40 based on the above):

- The number of students who will enter your program this year.
(This is the number of Entrance Survey scannable forms to order.)
- The number of students who will finish your program this year.
(This is the number of Exit Survey scannable forms to order.)
- The number of students who graduated from your program two academic years ago.

(This is the number of Alumni/ae and Employer Survey scannable forms to order.)

(Second and subsequent orders are at a per student cost per instrument of .50 for BPD members and \$1.00 for non BPD members.)
